Subject: Comments submission deadline

Bobby,

On behalf of our grassroots membership, we respectfully request that you extend the comment period on the O&G rules until at least August 11th-- two and a half weeks past the last scheduled negotiation. It is impossible for detailed comments to be submitted the same day as the last scheduled negotiation session. As you know July and August are popular time-frames for vacations. Since the legislature will not be back in session until January to take any action on any proposed rules, I do not see why you couldn't extend the comment deadline until AT LEAST August 11th.

Thank you for your thoughtful consideration of our request.

Alma
